As a Church, we are moving towards intentional participation in God-centered, purpose-based, small communities as part of Jesus' mandate to be and make disciples. This is not something we can just shop around for. It requires intentional commitment with others in worship, caring for one another, and service of others.

If you're interested in being a participant in helping create small communities this fall at Rimrock church we are going to have a training session on **Sunday, September 13th at 10:30 am** right after our worship service.
